

## Communicate With Confidence

***Congratulations!*** You've invested the time and energy into learning a second language. That is such an accomplishment! There are so many reasons to learn a new language. And, did you know that studies have shown that being bilingual can improve a person's multitasking skills, attention control, problem solving and creativity as it promotes outside-the-box thinking.

### ***Practice makes perfect!***

Practice! Practice! Practice! That is so important when learning any new skill and especially when learning a new language! But when you live or work where English isn't being spoken, it can be difficult to practice and even more difficult to become confident and comfortable when you do have a chance to speak English.

That is why TBICO is now offering Communicate With Confidence, a cost-free weekly zoom workshop where you can join in the conversation! This is an opportunity for you to listen and to speak English with other adults who are also motivated to practice and strengthen their English language skills!

*This is **not** an ESL class. A group leader will start the conversation and invite participants to offer their opinions and ideas. You can attend one workshop or attend every workshop. You can listen or you can join in the conversation.*

**Tuesdays**

10:30 am to 11:30 am

**Thursday**

6:30 pm to 7:30 pm

*Join us on Tuesday mornings at 10:30 am to 11:30 am or on Thursday evenings at 6:30 pm to 7:30 pm to listen, to learn, and to communicate with confidence! To register, send an email to [info@tbicoworks.org](mailto:info@tbicoworks.org) with your name and address and if you would like to attend the day session, the evening session, or both.
